**SUBJECT:** REPAIR TO IMPROVE WATERPROOF-ABILITY OF T/M CONTROLLER MOUNTING SECTION

**PURPOSE:** To introduce modification procedures to improve the water proofing capability of the tranmission controller mount section. (Canopy or cab-less, Canopy-less with automatic shift transmission)

**APPLICATION:** WA250-3PT Wheel Loader Serial Number A75039 thru A75312  
WA250-3L Wheel Loader Serial Number A70112 thru A70432  
WA250-3MC Wheel Loader Serial Number A71007 thru A71331  
WA250PT-3MC Wheel Loader Serial Number A78027 thru A78067

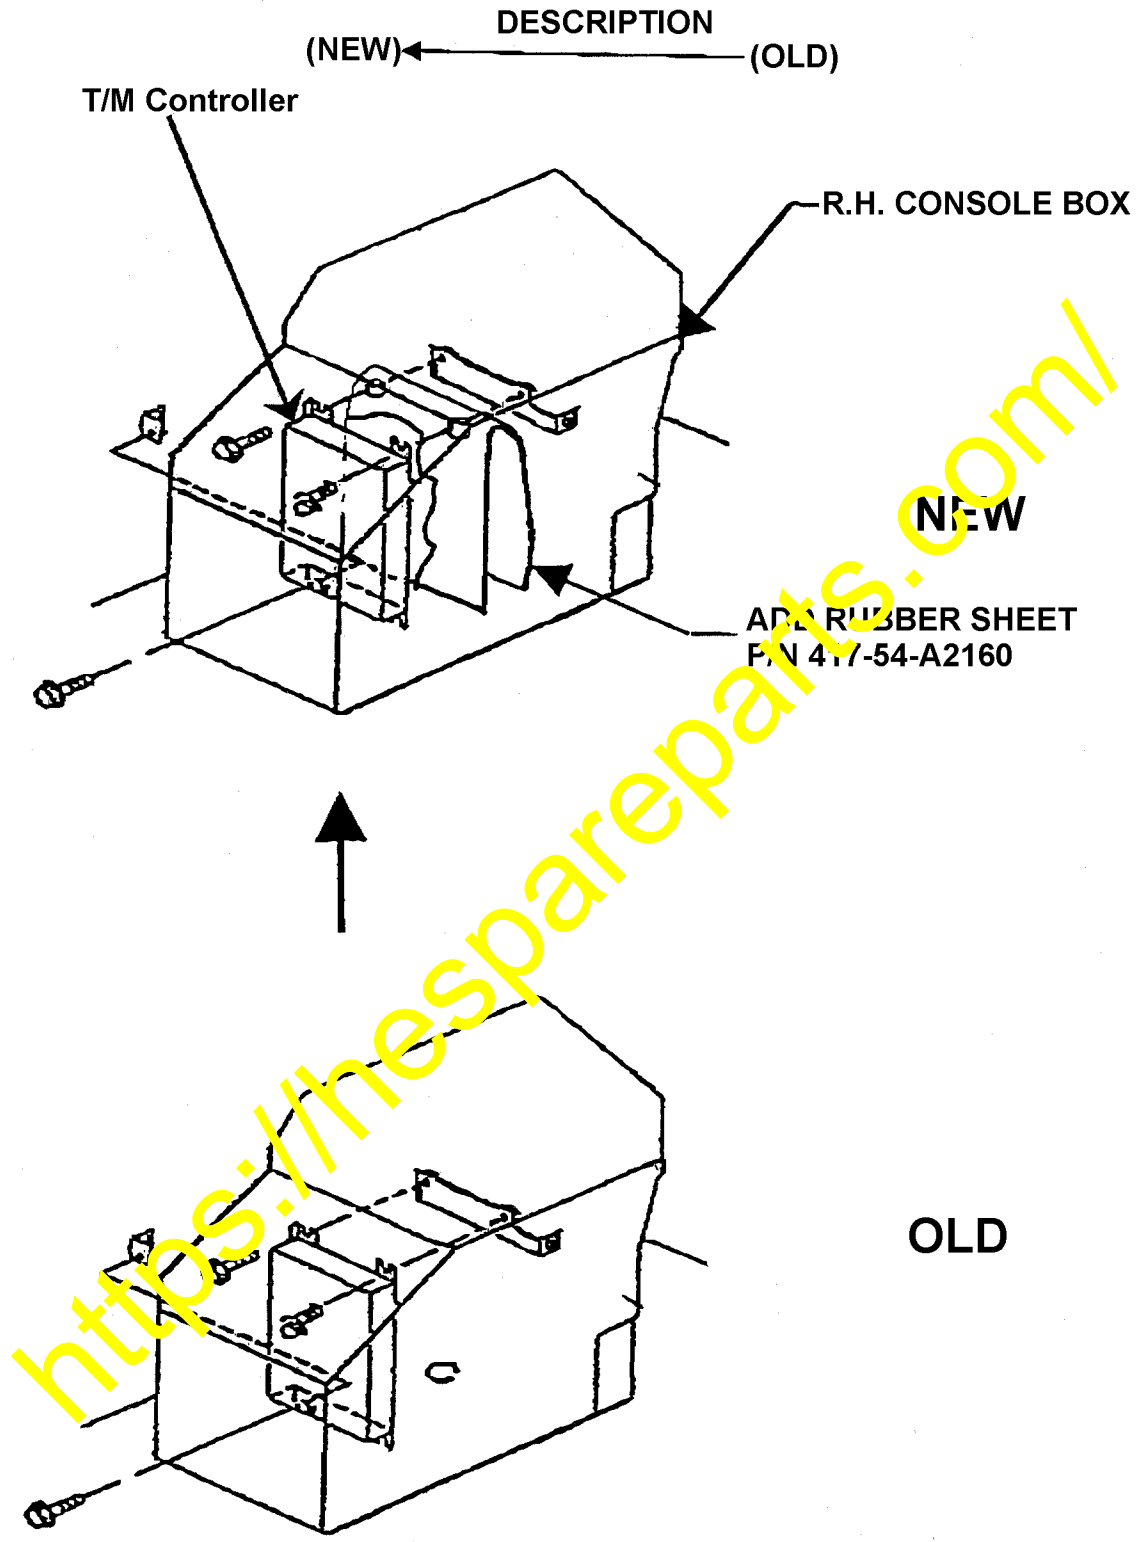

**FAILURE CODE:** DA00PQ

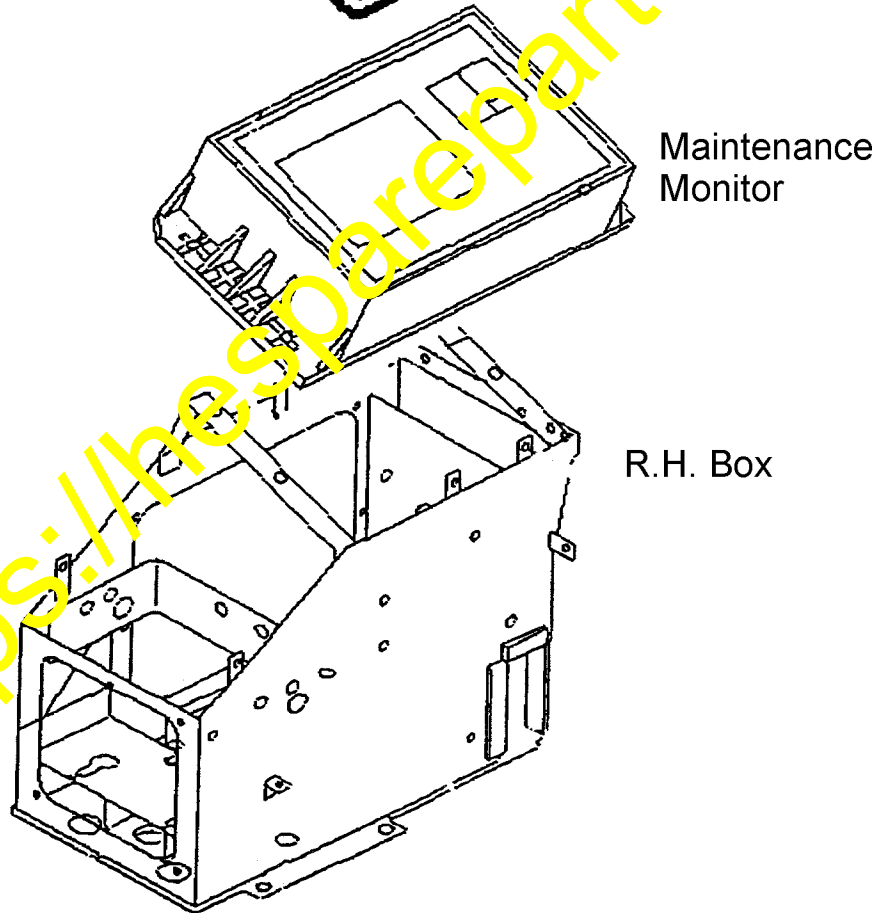

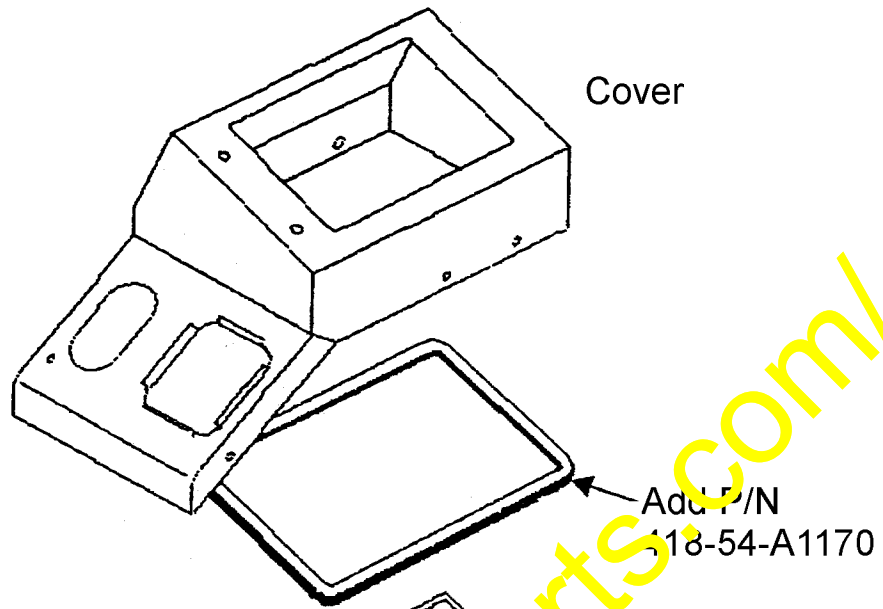

**DESCRIPTION:**

The WA250-3 Wheel Loaders equipped with the open ROPS canopy and the auto-shift transmission have experienced controller failures due to water entering the controllers. This **Parts and Service News** introduces a countermeasure to prevent water intrusion of the transmission controller.
