REF NO.	AA02170A
DATE	October 29, 2002

(C)

*This Parts & Service News supercedes the previous issuance, AA02170, dated July 17, 2002. AA02170 should be discarded.*

**SUBJECT:** IMPROVED FOUR PIECE RADIATOR FAN GUARD

**PURPOSE:** To inform the field of a new, improved four piece fan guard.

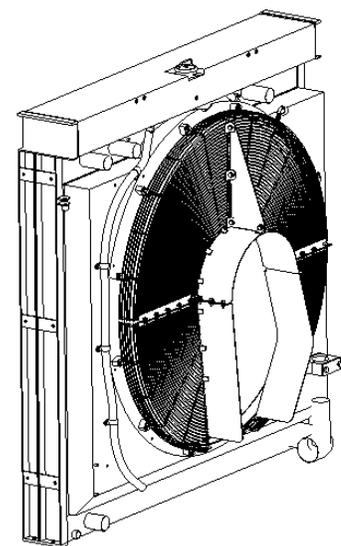

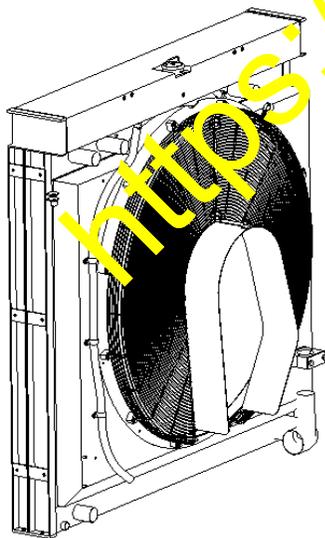

**APPLICATION:** Komatsu HD1500-5 Dump Trucks, A30039 - A30077

**FAILURE CODE:** 0341PE

**DESCRIPTION:**

A new fan guard has been designed to improve maintenance access. The four piece design allows fan guard removal without interference from the right hand water tube. The new fan guard will be factory installed on trucks A30078 and up. Refer to Figure 1 for an overview of the changes and Figure 2 for installation details. The table below lists the necessary parts needed for conversion.

PART NUMBER	QUANTITY	DESCRIPTION
EK2416	1	Fan Guard - Upper Left Hand
EK2414	1	Fan Guard - Upper Right Hand
EK2417	1	Fan Guard - Lower Left Hand
EK2415	1	Fan Guard - Lower Right Hand
01010-E1230	4	Bolt
01643-31232	32	Flat Washer
MM0010	12	Capscrew
01010-81030	16	Bolt
