This Parts & Service News supercedes AA97003 dated March 3, 1997 and should be discarded.

SUBJECT: REPLACEMENT PARTS FOR DRIVE SHAFTS

PURPOSE: To provide kits and service parts lists for drive shafts and make available a greasable cross and bearing kit for the below listed graders.

APPLICATION: GD530A Graders Serial Number 200000 thru 203506, 203511 thru 203542
 GD530AW Graders Serial Number 200000 thru 203506, 203511 thru 203542
 GD650A Graders Serial Number 200000 thru 203506, 203511 thru 203542
 GD650AW Graders Serial Number 200000 thru 203506, 203511 thru 203542
 GD670A Graders Serial Number 200000 thru 203506, 203511 thru 203542
 GD670AW Graders Serial Number 200000 thru 203506, 203511 thru 203542
 830 Graders Serial Number 200000 thru 203506, 203511 thru 203542
 850 Graders Serial Number 200000 thru 203506, 203511 thru 203542
 870 Graders Serial Number 200000 thru 203506, 203511 thru 203542

FAILURE CODE: 201140

DESCRIPTION:

Introduction:

The spider and bearing parts for the drive shaft are no longer available separately. They have been combined in a service kit.

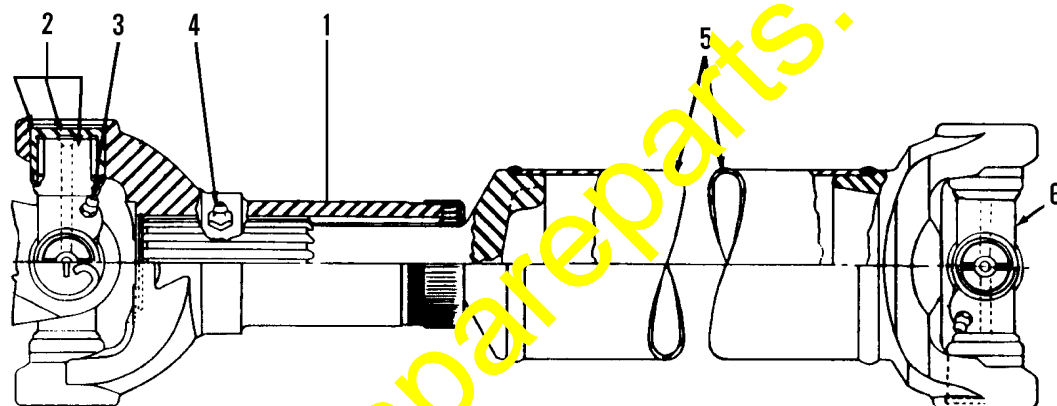

The greasable style cross and bearing kit is now an upgrade item for all grader applications when looseness or problems are noticed in either joint. The replacement cross and bearing kit should be greased every 250 hours with Komatsu Super grease or equivalent. Both cross and bearing kits on a drive shaft should be of the same style.

For individual service part numbers of the related parts, refer to the subsequent pages of this **PARTS & SERVICE NEWS**.

- NOTE -

The information in this **PARTS & SERVICE NEWS** does not authorize or imply any obligation on the part of Komatsu America International Company to provide reimbursement for any expenses. Machines requiring part repair or part replacement during the machine warranty are covered under normal warranty. Out-of-warranty machines are the responsibility of the distributor/customer.
