SUBJECT: LONGER TRANSMISSION OIL FILTER ELEMENT

PURPOSE: To increase filter capacity.

APPLICATION: 830, 850, 870 Graders Serial Number 200000 thru 202638

GD530/AW, GD650/AW, GD670A/AW Graders Serial Number 200840 thru 202638

DESCRIPTION: Oil filter element, 1281327H1, is released for service as an increased capacity alternative to the 1266751H2 transmission filter. If your grader has All Wheel Drive, you will also need to upgrade the filter mounting bracket to 1279098H3.
