

PARTS & SERVICE NEWS

REF NO. AA99006A

DATE March 26, 2004

(C)

Page 1 of 4

SUBJECT: AIR DRYER PIPING SYSTEM

PURPOSE: To provide the correct part numbers for the piping system

APPLICATION: WA600-1LC Wheel Loader Serial Number A50001 to A51000
568 Wheel Loader Serial Number 7001 and Up

FAILURE CODE: 4510Z9

DESCRIPTION: Following are the revised parts book pages with corrected part numbers.

MACHINE PREPARATION

1. Park the machine on a flat level surface; lower the work equipment to the ground. Shut off the engine and cycle the controls to remove any residual hydraulic pressure from the work equipment circuits. Turn the parking brake switch on and block the tires.
2. Remove the key from the ignition switch until the repairs are complete. Place a tag on the steering controls advising: "This machine is being repaired. It should not be started or moved for any reason until the tag is removed by the person doing the repairs."

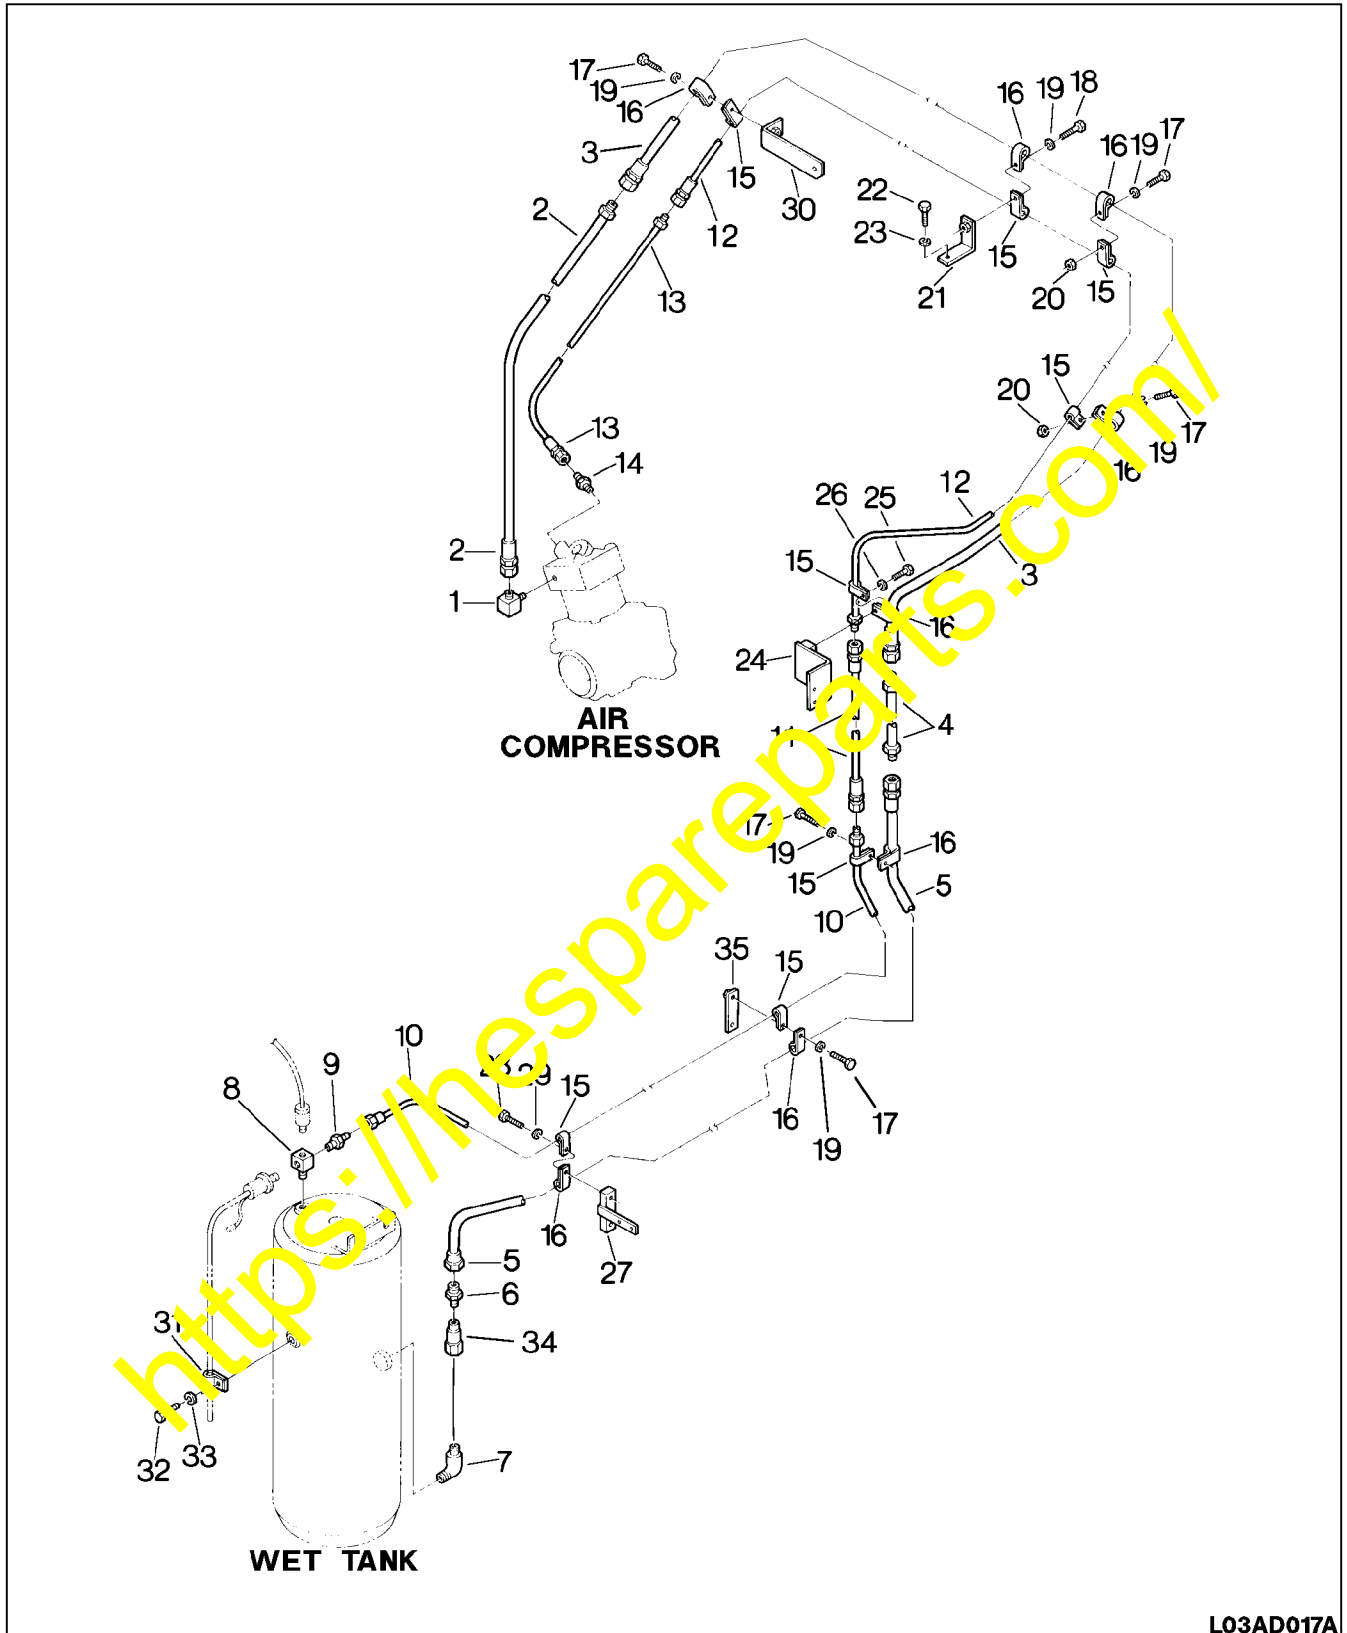

WARNING! Observe all safety and precautionary standards as dictated by the environment and work conditions under which the equipment will be inspected, reworked and repaired. consult the "Shop Manual" and "Operator's and Maintenance Manual" and your "Komatsu district service manager" with any/all questions regarding safety.

Remark

These instructions are intended to supplement the service data contained in the appropriate "Shop Manual". Always refer to that manual for Removal, Installation, Disassembly and Reassembly instructions when not contained in this document.
